

State Highway Roadworks Update

Main works impacting on traffic

Our works moratorium begins on 20 December. There will be a few small, low-risk projects occurring during the moratorium, however, these works should have minimal impact.

The main project that may cause impact during the holidays, is the Manakau Bridge 30km/h TSL. You can learn more about these works and how they may impact your journeys [here](#).

The below report is for the first week back (Saturday 4 January 2025 to Friday 10 January 2025) from our shutdown period.

Thank you for your support and we wish you a wonderful holiday season!

Saturday 4 January – Friday 10 January 2025

NOTE: Roadworks may be postponed due to rain or other factors that disrupt the weekly schedule.
